

# 5 Day Workshop Building with Clay/Straw

with Robert Laporte, EcoNest Builder

[www.econest.com](http://www.econest.com)

August 11–15, 2008

Janet and Tim Kroeker house build

Roseau River, Manitoba

(1 hour south of Winnipeg)

Our homes should be healthy, life-giving buildings. Indoor air quality, natural materials and beauty all contribute to our sense of well-being. This workshop, led by a natural builder with more than 20 years experience, will be a hands-on learning adventure, working with clay/straw, creating beautiful walls that insulate and breathe.
